

EGOSAN[®]

Incontinence experts. For over 30 years.

EGOSAN®

To guide consumers and speak to them in a clear and simple manner

Une gamme de produits pour tous !

For frequent use that requires more availability of a greater amount of pieces

Les assortiments de produits EGOSAN offrent des solutions ciblées pour tout type d'incontinence à travers des produits de très grande qualité.

Les plus grandes gammes

EGOSAN® LIGHT

Les serviettes de cette gamme sont fines et pratique pour les personnes actives.

serviettes incontinence fines

EGOSAN®

HIGH QUALITY

Approuvé par les personnes de plus de trente ans, sur les matériaux utilisés et la méthode de création à la pointe de la technologie

COMPLETE ASSORTMENT

Grâce à la grande gamme de produits et de tailles pour différents niveaux d'absorption disponibles.

INTUITIVE AND CLEAR PACK

Aide les consommateurs avec des explications faciles à comprendre.

MAXI FORMAT

Pour les consommateurs fréquents, les gammes sont adaptées en grand format.

SPACE SAVING PACK

Les produits détiennent un conditionnement pratique pour les ranger.

serviettes incontinence épaisse

EGOSAN®

Des serviettes plus épaisses pour encore plus d'efficacité et plus de confort au quotidien.

Emballage produit

Un emballage résistant muni au dos d'une explication de l'utilisation du produit.

MULTI-UTILITY

Pour différencier chaque type de gamme, les paquets sont accompagnés d'une couleur différente.

The EGOSAN® line is among the few to offer such a complete assortment, proposing all the families existing in the market, at all levels of absorbency and size. For a clearer reading of the absorbency level, the drop scale has been changed from 1-5 to 1-10 drops and its range progressively covers anatomical pads for small/medium urinary losses up to the aids for severe and very severe losses.

BACK

Les informations données sur l'emballage sont dans la langue du consommateur. Le texte est aussi en anglais et en italien. Les dessins facilitent la compréhension du produit et aident les clients à faire leurs choix.

As required by EU Regulation 2017/745, since 26/5/2020 companies producing medical devices must insert the UDI (Unique Device Identification) code on the packaging.

The UDI is a system created and regulated in the United States by the Food and Drug Administration (FDA) to ensure the traceability of such devices.

Comment lire les codes sur l'emballage

Codes mnémotechniques

- M Couches Adultes
- PU Serviettes
- SE Serviettes adaptables
- RE Serviettes rectangulaires
- T Alèses
- SL Femme
- SU Homme

Le code UDI

La loi 2017/745 du Règlement de l'Union Européenne stipule que depuis le 26/05/2020, les entreprises qui produisent des produits médicaux doivent insérer le UDI code sur l'emballage

(01)47964367965424(11)173434(17)226565(10)A379B3(21)1237

DI (Device Identifier)
The mandatory and "fixed" part of a UDI-compliant code that identifies the manufacturer and the specific version or model of a device.

PI (Production Identifier)
The "conditional" and a variable part of a UDI-compliant code which may include one or more of the following:
• Lot/batch number (10),
• Serial number (21),
• Expiry date (17),
• Production date (11)

All-in-one Diapers

EGOSAN® All-in-one Diapers are suitable for disorders of medium, severe and very severe intensity. They provide maximum protection in cases of both urinary and faecal incontinence. Thanks to a breathable outer covering, they are suitable for cases requiring a softer and drier device.

The EGOSAN® All-in-one Diapers are characterized by absolute security and comfort for every need. The good wearability, thanks to a wide range of sizes for each of which several absorption levels are available, guarantees total protection in all cases of both urinary and faecal incontinence.

- Total Protection
- High Wearability
- Absolute Comfort

Functional characteristics

- Natural Comfort Vita Soft™
- Total Protection
- Ultra Fast Absorption
- High Wearability
- With Aloe
- Anti-Odour System

Structural characteristics

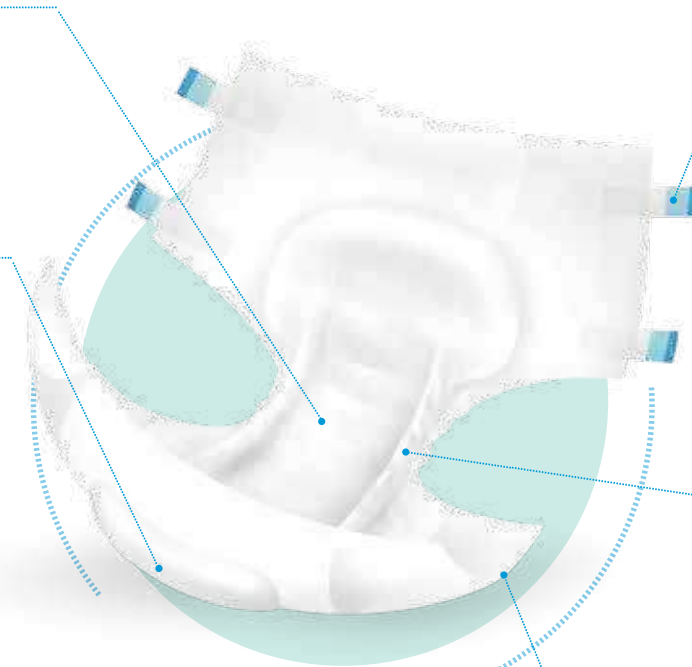

The anatomical pad adheres perfectly to the body, providing high wearability and comfort

The disappearance of the fading wetness indicator (blue writing on the back) makes it easy to understand when the diaper has to be changed

The refastenable adhesive tapes create the classic panty shape, and allow you to open and close the diaper several times without losing adherence

Side barriers and longitudinal elastics prevent liquids from escaping for total protection and security

The side closing straps, called "wings", are breathable, light, strong and equipped with anti-rustle system, to offer comfort and discretion

Pants

Elasticated absorbent pants

- Total Protection
- High Wearability
- Absolute Comfort

EGOSAN® elasticated absorbent PANTS are worn as normal underwear and guarantee comfort and security at all times of the day and night. The ultrasonic tear-off opening on the side makes the device easy to remove after use. They are unisex, particularly suitable for active people with moderate to severe losses. They can also be used in rehabilitation.

EGOSAN® elasticated absorbent PANTS, with their innovative soft abdominal elastic band made of non-woven stretch fabric guarantee greater comfort and fit adapting perfectly to the shape of the body.

Functional characteristics
